LinkedIn | Github

I am a final-year Computer Engineering student at Karadeniz Technical University with 5 years of experience in software development. Over the past two years, I have specialized in back-end development, continually honing my skills and building innovative projects. I am passionate about learning new technologies and confident in my ability to adapt quickly to ever-evolving industry demands.

EDUCATION

Computer Engineering, Karadeniz Technical University   **Aug 2020 - Present**
- Grade Average - 3.53 GPA

SKILLS

- C#
- ASP.NET CORE
- SQL
- JavaScript
- React
- PHP
- Python
- C / C++
- Flutter
